

CHARGE GIVEN TO HAMON JURY

How Slaying of Oklahoma
Oil Magnate May Be
Justified is Told

ARDMORE, Okla., March 17.—The charge of Judge Thomas W. Chapman to the jury in the trial of Clara Smith Hamon for the alleged murder of Colonel Jake L. Hamon consisted of thirty-four articles in seventeen typewritten pages.

The court charged the jury on homicide and manslaughter in the first and second degrees, and brought out the different points of justification.

WHEN IT'S EXCUSABLE.

Article eleven follows:
"You are instructed, gentlemen of the jury, that homicide is excusable when committed by accident or misfortune or in doing any lawful act by lawful means with usual and ordinary caution and without any unlawful intent."

"If the act was committed by accident or by misfortune or in the heat of passion or upon a sudden or sufficient provocation or upon a sudden combat, provided that no undue advantage is taken nor any dangerous weapon used and that the killing is not done in a cruel or unusual manner."

AND WHEN JUSTIFIABLE.

Paragraph twelve states:
"You are further instructed, gentlemen of the jury, that homicide is justifiable when committed by any person in the following cases:

"First, when resisting an attempt to murder a person or to commit any felony upon such person.

"Second, when committed in the lawful defense of such person or when there is a reasonable ground to apprehend a design to commit a felony or to do some great personal injury and imminent danger of such design being accomplished by the person killed."

The court continued:

CLARA'S DEFENSE.

"In this case, the defendant, Clara Smith Hamon, in support of her plea of not guilty, claims a justification for said homicide, that she acted in self-defense of her person; that is, that the defendant, Clara Smith Hamon, pleads that she did the killing but that same was done to prevent the deceased from killing her or doing her serious bodily harm. It is the right of every person to act in defense of her own person, whether she is assaulted in such a way to make it reasonably appear that her life at the time was in imminent danger or that she was in imminent danger of serious personal injury.

"You are instructed that before a person can justify a killing upon the plea that she acted in self-defense, there must not only have existed at the time of the killing reasonable ground to apprehend a design on the part of the deceased to either take the life of the defendant or to do her some great personal injury, but in addition thereto, it must reasonably have appeared to the defendant that there was imminent danger of such design being carried out."

WORTH OF EVIDENCE.

"You are hereby instructed that self-defense under the law is defensive and not an offensive act and therefore a person accused of homicide can avail herself of the plea of self-defense. In order to justify the killing, the jury must believe that it reasonably appeared to the defendant at the time she fired the fatal shot.

"You are further instructed that the prosecution has sought to prove certain statements which it is claimed the deceased made a short time prior to his death as regarding the declaration and even if you should find statements were made under conditions which render them admissible, viz.

REFUSED TO FIGHT, DENIED CITIZENSHIP

SALT LAKE, March 17.—Peter Frail, 34 years old, Spanish, was refused citizenship papers by the federal district court at Pocatello, Idaho, because he claimed exemption from the draft during the war on grounds that he was a Spanish subject.

Recommendations that Frail be denied citizenship papers were made by Dell L. Sullivan, federal naturalization examiner. Under the ruling, Frail will lose a homestead which he filed on after receiving first papers. Mr. Sullivan, who returned to Salt

lake from Pocatello yesterday, declared that he will make similar recommendations in the cases of aliens in Salt Lake who claimed exemption for similar reasons. There are sixteen in Salt Lake, he said.

Under the law, neutral aliens were not required to serve in U. S. military service in case where aliens had declared their intentions of becoming citizens, they forfeited this right.

HOLD GERMANS WILL FIND THEY CAN PAY

PARIS, Mar. 17.—(By The Associated Press.)—Premier Briand, replying to interpellations in the chamber of deputies regarding the London reparations conference Wednesday, said that if the allies remain firm and united the Germans will discover that they (the Germans) have astonishing resources. Germany had been vanquished he declared, but unfortunately, psychologically this was insufficiently apparent to the German people.

M. Briand told the chamber he went to the London conference bound to maintain the reparations' figures arrived at in Paris, but ready to make concessions regarding the methods of payment.

"I frankly told our allies there was a wall against which we were backed," he declared.

'WIFE' CLAIMS ESTATE THOUGH NOT WEDDED

PORTLAND, Ore., March 17.—Based on six years of life with the late Ernest Descamps in the belief that she was his lawful wife, Jeanne Descamps has filed claim in the circuit court as sole heir to the \$70,000 estate of Descamps, whose mysterious disappearance February 6, 1920, has never been explained, though quarters of a human body tentatively identified as his were identified the week following, wrapped in newspapers, in different sections of the city.

Though she admits that Descamps told her in November, 1916, that his purported marriage to her May 2, 1910, was a fraud, Mrs. Descamps avers that under the law she was his wife and as such is the lawful claimant to his estate.

NEW SONG AND DANCE RECORDS

One popular star who always gets swing and snap and sparkle into a sweetheart song is Al Johnson. And one way to hear him is to get his Columbia Records. He has made a record this month of "O-H-I-O (O-My-O)" which is just such a song. One the other side is "I Want to Go to the Land Where the Sweet Daddies Grow," in the close harmony of the tuneful Van and Schenk.

"The best friend that I ever had is 'My Last Dollar,'" sings Bert Williams, "blue" as usual. His hearers are sure to have a good time, in spite of poor Bert's troubles. There's more "grief" for Bert and fun for you, in "I'm Gonna Quit Saturday," on the other side of this new Columbia record.

A happy combination in ten-grams is that of the Paul Blase Trio with "Frank Crum's" rapid patter in "Happy Hotentot." On the other side is one you'll remember—"Remember Me," a fox-trot that almost compels dancing.

DRESSMAKER MADE WELL

Followed a Neighbor's Advice
and Took Lydia E. Pinkham's
Vegetable Compound

Vernon, Tex.—"For three years I suffered untold agony each month with pains in my sides. I found only temporary relief in doctor's medicine or anything else I took until my husband saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results and advised me to try it. I was then in bed part of the time and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. STEPHENS, 1100 N. Commerce St., Vernon, Texas.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity
Prevents Food Fermentation,
Sour, Gassy Stomach and
Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried plain, pancreatic, chamois, drugs and various digestive aids and you know these things will not cure your trouble—some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic, just try a little Bismarck Magnesia—the ordinary commercial carbonate, effervescent, or milk, but the pure Bismarck Magnesia, which is obtained from practically any druggist in either powder or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little Bismarck Magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the Bismarck Magnesia cannot injure the stomach in any way as long as there are any symptoms of acid indigestion.

No matter how perfect you make pancakes and waffles—what you like best is the syrup

DID you ever stop to think that what you taste most, and what you like best on your pancakes or hot biscuits or waffles—is the syrup?

In millions of households every morning Karo starts the day off for everybody. It gives just that finishing touch to the crisp brown cakes or the hot biscuits that make the meal a delight.

Karo is equally delicious for cooking, baking, candy making, or preserving. Many cooks use it to stew dried-fruit or prunes; or for candied sweet potatoes, brown breads, muffins, coffee cake or puddings.

Do you know why Dextrose is very important food?

You cannot live very long without Dextrose, the great energy food. Most of the food you eat—such as bread, starchy vegetables and all forms of sugar—has to be changed into Dextrose before your system can use it as energy food.

Karo contains a very large percentage of Dextrose—which is the most perfect form in which sugar can come. So Karo may almost be said to be a predigested food. These are scientific facts, supported by the very highest medical and food authorities. Send for the free booklet mentioned below and read all the facts.

For your boys and girls to be strong and sturdy, give them plenty of nourishing Karo—on cakes or bread.
